Hi all,

House Energy and Commerce Committee (likely both our environment and oversight subcommittees) are holding a hearing on Friday, September 11, 9:30am (tentative) draft title: "CERCLA compliance and clean-up -Federal government responsibility." This would include agencies, possibly DOD, DOE, USFS, GAO re: a January 2015 Report to Ranking Member on this topic (I am still trying to obtain the report/title).

The hearing may also cover issues related to the EPA response to the Gold King Mine release.

\*Please let me know if Mathy is available to testify this day so that I can get back to the Committee.

Thanks,

Carolyn
